Dear Harold,

Between work and school I haven't had a chance to send these clippings until now. I finally finished up work and was really glad to get back to classes. I'm going to have alot to do this term because in addition to my classes I'm assisting in the teaching of a course. I also got picked for the rifle team, but I dont know yet if I'm going to have time to practice let alone go away for matches. Since this is my last term, I'd really like to do well and improve my chances of getting into Law school, so if I have to drop the rifle team it'll be worth it if it results in better grades. I'll be spending alot of time in the library, so if there's anything you'd like me to check let me know. I haven't forgotten about checking Herman Ramsey; I'll probably be going to the Data-Bank this week to work on a paper, so I'll see what I can come up with then.

I've read a couple of reviews on Howard's book and would like to get it. Do you have the address where I can write for it?

Take it easy and when you get a chance let me know what's happening, if anything, with the spectro/NAA suits.

Best to you and Lillian,

Karen
